EDUCATION

Degree/Course	Institute /Board	CGPA/Percentage	Year
B. TECH	Visvesvaraya National Institute of Technology, Nagpur	7.97	2025
CLASS XII (CBSE)	St.Francis School	90%	2021
CLASS X (CBSE)	St.Francis School	91.2%	2019

EXPERIENCE

- Coal India Limited (WCL)

May 2024-June 2024

Vocational Trainee - Underground Mines

- Participated in an intensive vocational training(Saoner Mines - 1) program focused on the operational and safety aspects of coal mining. Gained hands-on experience in mining techniques, equipment handling, and adherence to safety protocols. Collaborated with experienced professionals to understand the practical challenges and solutions in the coal mining industry. Developed skills in mine planning, production optimization, and environmental compliance.
- Moreover, I understood the functioning of a government organization.

- CISCO Gurugram

June 2023-July 2023

Intern

- During the tenure, an amazing opportunity to work on “Network Automation (Services Provisioning) using python” was given to me.
- As an Intern with a focus on Python, I was part of a dynamic team responsible for revolutionizing network operations through automation.
- The role involved developing innovative solutions using Python scripting to streamline and optimize the provisioning of network services.

- IT Soft Communications

Dec 2023-Jan 2024

Intern

As an intern, my key responsibilities were:

- Maintenance Operation Protocol (MOP) Preparation: Developed and documented Maintenance Operation Protocols, ensuring clear, concise, and actionable guidelines for IT maintenance activities.
- IOS Upgradation: Assisted in upgrading and testing IOS software of CISCO ASR9k Devices, enhancing functionality and user experience for 5G migration of Airtel.

Also, I had a chance to visit Airtel (Noida) data center to help in the physical installation of Cisco ASR 9003 Router and UCS C240 server on DC Connectivity.

This experience provided me with practical skills in technical domain, enhancing my understanding of IT maintenance and software upgradation processes.

- Coal India Limited (WCL)

May 2023-June 2023

Vocational Training – Surface Mines

- Participated in an intensive vocational training(Majri Yekona Mines -1) program focused on the operational and safety aspects of coal mining. Gained hands-on experience in mining techniques, equipment handling, and adherence to safety protocols. Collaborated with experienced professionals to understand the practical challenges and solutions in the coal mining industry. Developed skills in mine planning, production optimization, and environmental compliance.
- Moreover, I understood the functioning of a government organization.

PROJECTS

- Instagram Automation

This is a project which I made for my personal use. It has helped me save a lot of time, as earlier, I was personally replying to all my messages (which were a lot). I needed to send the same message to the majority of people, hence I automated it which helped me save my time. Now, I invest the saved up time in growing my Instagram page.

- Tools & technologies used: Python, Selenium

- T20 Cricket World Cup Data Analysis

Performed data analytics on T20 cricket world cup data to build a team of super 11 players.

- Tools & technologies used: Python, Pandas, Matplotlib, PowerBI
- Used web scraping to scrap data from espnricinfo website.
Used Python and Pandas for data transformation and cleaning.
Used Matplotlib for data visualization and then PowerBI to build an interactive dashboard on the best 11 players.

- Automated Files Manager

This python script automatically organizes the Downloads folder in your desktop. It does so by arranging the files based on their file type (image, doc, audio and video).

- Tools & technologies used: Python, OS module(python)

TECHNICAL SKILLS

Languages: Python, C++ , MySQL

Coursework: Probability Theory and Statistical Methods (MAL208) - VNIT Nagpur, Computer Programming (CSL101) – VNIT Nagpur, Communication Skills (HUL101) - VNIT Nagpur, Introduction to Entrepreneurship (IDD401) -VNIT Nagpur

Developer Tools: GitHub, Chrome DevTools

Other: MS Excel, PowerBI, Photoshop, DaVinci Resolve, Procreate

Areas of Interest: AI, ML

POSITIONS OF RESPONSIBILITY

- | | |
|---|------|
| · Event Coordinator , AAROHI VNIT Nagpur | 2023 |
| · Event Organizer , AAROHI VNIT Nagpur | 2022 |

EXTRA CO-CURRICULAR

- Sketching
- Graphic designing
- Weightlifting
- Content creation on Instagram (grew to 13k followers)
